IZ NÖ-Süd

When travelling by car:

When approaching from the A2 (from north or south):

- ecoplus offices and the ecoforum conference facilities at the IZ NÖ-Süd are located in Building M19 and may be reached via exits "IZ NÖ-Süd" or "Wiener Neudorf"
- Ample parking is available directly in front of Building M19
- Using the navigational system, follow the red and/or yellow routes to get to Building M19

Guide to navigational system at IZ NÖ-Süd

(= locating buildings according to color-coded routes):

- The IZ NÖ-Süd uses color-coded routes to identify buildings in the business park. At the two main entrance roads to the IZ NÖ-Süd, overhead signs may be found which signal the start of the navigational system.
- In the bus bays along the main entrance roads, building lists have been placed to assist visitors in identifying the desired building according to color. Each route to the desired IZ NÖ-Süd building will use a maximum of two different colors.
- The respective color-coded route is depicted on signs. At the entrance to secondary roads each building is visually depicted, and at each building access road there is a sign with the building number.
